Subject	**Honeyman State Park Hosting for February 2025**
Attached	February Host Schedule 2025.pdf
Document	01JJ344YBRAGZDTMF4RJJ7VFPA

Hello everyone, I hope you are all doing well,

February is right around the corner, I hope everyone is ready for a great month of hosting out here at Honeyman State Park! To get things started, here is a copy of the February Host schedule for everyone to view. If possible, please aim to be here on the 31st of January to get situated into your campsite to begin the orientations the following morning. We will be trying to hold most of the Orientations in the morning on Saturday the 1st, so if you are unable to make it to the park by that time, please let me know and we can reschedule. 😊

If you have any questions about what site you are headed too, please feel free to contact me via email or text and I will let you know. If you are in need of a nametag or Host sign and I haven't already ordered you one, please let me know that as well. We will have temporary nametags we can make in the meantime.

Without further ado, here are February's Host Orientation times and locations:

The Welcome Center Orientation will be held on the 1st at 10 am, at the Welcome Center which is located in the center of the campground by the playground and firewood shed.

The Yurt and Site Maintenance Orientation will be held on the 1st at 11 am at the A loop restroom building, parking is available nearby.

The All Host General Orientation will be held on the 3rd at 1pm at the welcome center. I ask that all of our current hosts attend this orientation as well as our new hosts, for at least the meet and greet portion of it so that we can all get a chance to meet our new volunteers and the park staff. This orientation will be going over park rules and expectations as well as other relevant information such as laundry, mail and reservation info.

As always, if you have any other questions, please contact me. See you all soon.

Hello,

I hope everyone's February has been good so far. I wanted to give you all an update on when the Safety meeting will be held for February. We will be holding our monthly Safety Meeting at 11 am on the 21st at the Main Shop Yard. If you have a golf cart we ask that you bring it with you to the meeting so that we can do some quick maintenance on them such as checking the battery fluid levels. If you are working the AM Welcome Center shift on that day then we will need to keep the Welcome Center open during this time. The Safety Meeting minutes will be posted in the Welcome Center for anyone who was not able to attend the meeting and will need to be read through and then have your name signed on the sheet that you have read and understand the topic that was discussed.

In an unrelated note, I wanted to bring up another matter. Park staff recently noticed that in our E/D loop restroom facility there were a couple things that went missing last week. The items in question were a battery for the leaf blower, battery charger, Hot Water Boiling Kettle, and its Heating unit. If anyone ended up grabbing those, we ask that they be put back in the restroom facility. Just so everyone is aware, we try to keep the Leaf Blower, Battery, Charger, and Boiling pot inside the pipe chase for the restroom facilities. We have extra batteries and blowers in the main shop building if you are looking for tools to use throughout your day. This message is not to accuse anyone, I just wanted to let everyone know what our procedures are for the tools in the restroom buildings.
