Senator Wyden,

Attached is my letter of September 23, 2026.

An Oregon State Police detective who also serves as a task force officer with the Portland FBI Joint Terrorism Task Force distributed my name to FBI personnel, then moved my driver's record and a report about me from his FBI account into a state case file he had declared, in writing two days earlier, was not an FBI case. The matter never had a criminal predicate. The state's own file closed with "there is no evidence White has committed any crimes."

I am asking what authority permitted the March 13, 2026 transfer, what the FBI created and retains about me, and who audits the movement of information across the state-federal seam by dual-role officers.

I am your constituent. Every fact in the letter is cited to the Oregon State Police production of September 3, 2026, which is public in full at oprdvolunteerabuse.org.

Respectfully submitted,

Robert Samuel White
