PUBLIC RECORDS REQUEST TO THE OREGON DEPARTMENT OF JUSTICE

TO	Public Records Coordinator, Oregon Department of Justice
FROM	Robert Samuel White, P.O. Box 334, Reedsport, Oregon 97467
DATE	September 23, 2026
RE	Public records request under ORS 192.311 to 192.478
TESTIMONY	v1.10

This is a request under the Oregon Public Records Law.

I am Robert Samuel White, date of birth April 11, 1977. I served as an unpaid volunteer with the Oregon Parks and Recreation Department at Jessie M. Honeyman Memorial State Park.

On March 24, 2025, OPRD dismissed me as a volunteer.[2] On March 26, 2025, its letter permanently excluded me from every OPRD volunteer program, citing my public comments about staff.[3]

On August 22, 2025, I filed a public records request with OPRD.[4] On August 24, 2025, I published an open letter to the Director requesting protections for every volunteer.[5] On November 15, 2025, I served the Director notice that the request had been held eighty-five days.[6] On November 18, 2025, I filed a formal complaint with the Governor.[7]

On December 8, 2025, the Director wrote that further correspondence would lead nowhere[8] and closed the correspondence that afternoon.[9] On January 16, 2026, I served notice under 42 U.S.C. § 1983.[10] On February 14, 2026, Deputy Director J.R. Collier instructed me not to write to OPRD staff and stated that legal correspondence from me would go to Department of Justice counsel.[11]

What follows is from the Oregon State Police production of September 3, 2026, under PR27478, which I published in full.[1]

On March 3, 2026, OPRD Emergency Manager Jamen Lee sent my letters to Captain Kyle Kennedy, OSP Government and Media Relations, copying Deputy Director Collier: “Fyi – sharing for situational awareness since he is now including the Governor as well as our Director.” His email closed: “We can discuss more details if need be after our check-in with involved staff today.”

On March 4, 2026, the dispatch record was entered: “Capt. Kennedy is requesting that a threat assessment be conducted asap.” Kennedy forwarded Lee’s email to Lieutenant Haley McQuillan, Criminal Investigations Division: “Would you take a look at the info below?”

On March 6, 2026, McQuillan routed it to Detective Jake Hyde, OSP Portland, a Task Force Officer with the Portland FBI Joint Terrorism Task Force: “some concerns in the Florence area.” Before noon, Hyde wrote FBI personnel Rebecca Long and Jared Russell from his FBI account: “Name is Robert Samuel White out of Florence Oregon. But I don’t have a DOB.” At 1:14 PM, Hyde reported to McQuillan: “Based on the website nothing is standing out to me more than what Parks and Rec sent you. Sounds like this person does have a grievance with the former employer.” That afternoon, Lee sent Hyde my dismissal letter, OPRD’s Timeline of Events,[14] and a February 2026 email chain, copying Deputy Director Collier: “If your department would like to see any of the add’l correspondence that’s been directed to JR recently just let us know.”

On March 10, 2026, Hyde forwarded the OPRD documents to Detective Jerred Nelson, Major Crimes Section: “FYI for the guy in Florence. Give me a call later this week and we can talk about heading down there.”

On March 11, 2026, Dianne Greenlee, Criminal Intelligence Analyst at the Oregon TITAN Fusion Center, Analytical and Criminal Investigative Services Section, Criminal Justice Division of your Department, wrote to Hyde: “Jamen Lee with OPRD shared the information about Mr. White’s activities with the fusion center. I’m documenting this activity for our internal awareness since Mr. White’s actions border on harassment due to the volume of emails that he has forwarded to OPRD staff over the last year. However, I wanted to check with you to confirm that FBI/OSP is handling this and that OTFC does not need to conduct additional research on Mr. White.” Hyde answered: “Yes, that is correct. Just OSP it is not an FBI case.”

On March 13, 2026, Hyde sent Nelson my driver’s record and a report from his FBI account, “WHITE,ROBERT SAMUEL DMV.pdf” and “ReportRobertWhite.pdf”: “See attached info, still waiting from USFS guy to get back to me on the volunteer status.”

On March 22, 2026, [USFS Special Agent] delivered my volunteer schedule, my duties, my vehicles, two screenshots from the onX Hunt hunting application with a waypoint pinned on the work center where I live, and the note that my Forest Service supervisor “was told not to advise WHITE that FS LE was inquiring about his whereabouts.”

On March 23, 2026, Nelson opened a dispatch event naming me “Suspect,” with the basis: sending “concerning emails to former supervisors in parks department and publicly airing grievances.” He sent Sergeant Sean Henderson the “Hasty Plan for Robert White knock and talk.”

On the morning of March 24, 2026, Henderson notified McQuillan: “Just FYI, Jerred is going with Jake Hyde to Florence today in attempt to do a knock and talk with the guy who was upset with the state parks.” That day, one year to the day after the dismissal, Nelson, Hyde, and came through a locked federal gate to the work center where I live and work. I answered the door. Nelson asked if he could speak with me, and I said “I’m listening.” He began to state the reason for the contact. I stated I would not speak without an attorney, stated it a second time, and shut the door. I recorded them leaving. then called me, and I hung up. Nelson’s report records it: “White immediately stated that he did not want to talk with us without an attorney. I again told White he was not in trouble, and he again responded that he did not want to talk with us without an attorney and shut the door. We then left the location.”

On April 15, 2026, Nelson closed the assessment: “Ultimately White does not appear to be escalating on the pathway to violence,” and “there is no evidence White has committed any crimes.” The file remains: “Case and assessment to be documented for information only at this time.”

On September 20 and September 22, 2026, I asked your Department’s analyst what she documented about me, in what systems it is maintained, and who she shared it with.[12],[13] Every person named in this letter wrote words about me into government files I cannot see and cannot correct, and those words can be used against me without my knowing why, how, or for how long (Testimony v1.10, p. 267). Their own file closed with “there is no evidence White has committed any crimes.” The words remain: “Suspect.” “Harassment.” “Threat assessment.” I have no way to determine everything that was said, how far it spread, or how it may be used in the future, even in matters wholly unrelated to this one (Testimony v1.10, p. 268). I require every one of these records so that I can contest what the government has written about me. Oregon law gives any person the right to these records, and the First Amendment gives me the right to answer them.

Unless otherwise noted, the period requested is February 1, 2025 to the present.

I request the following.

4. All records identifying the systems, databases, indexes, or files in which any record concerning me is maintained by the Department, and the retention schedule that applies to each.

5. All records reflecting the dissemination of any record concerning me to any person or entity, including any state, federal, or local agency, any task force, and any fusion center partner, with the date and recipient of each dissemination, and including distribution lists, transmittal records, and access or audit logs.

9. All records held by Department of Justice counsel concerning me, including correspondence from me or about me received pursuant to OPRD's February 14, 2026 instruction, and the complete files under DOJ File Nos. 257001-GA0140-26 and 107062-GA0144-26, subject to the same privilege log.

Administration

Native format. I request records in their native electronic format with metadata intact, delivered electronically. Rolling production is welcome.

Preservation. A litigation hold applies to this matter under claim P195403. I ask that no record described above be destroyed, migrated, or purged while this request is pending.

Fee waiver. I request a full waiver under ORS 192.324(5). Disclosure primarily benefits the general public. Your Department's Public Records and Meetings Manual identifies the factors, and I address each.

The identity of the requester: I am the subject of the records, and I publish a public archive at oprdvolunteerabuse.org that holds the records of eight state and federal institutions in this matter, document by document, at permanent public addresses.

The purpose: publication. The records will be published in full at permanent public addresses.

The character of the information: the records show how a citizen's correspondence with his government moved from a parks department to a police captain, a fusion center, and a federal task force, what systems hold the resulting documentation, and how far it was distributed.

Whether the information is already public: it is not. What is public in this matter was published by me from agency productions.

The ability to disseminate: the September 3, 2026 production was published in full the same day it was produced.[1] The archive maintains a public tracker of every pending request and notifies subscribers when records are added.

If any portion of the fee is not waived, provide an itemized estimate by task and hourly rate before proceeding.

If any record is withheld or redacted, cite the specific exemption relied on for each record and state whether the public interest balancing required by the exemption was performed.

Please acknowledge receipt of this request.
