

FROM Lane County Public Records
TO Robert Samuel White
CC Lane County Public Records; [Lane County Public Records Officer]
DATE September 15, 2026, 4:36 PM PT
SUBJECT **Public Records Request #26-825**

Greetings,

The email that you sent below was forwarded to our office, Lane County Public Records, for a response to you. Thank you for your questions.

You state in your email that “I will continue to use the portal for the formal request,” but also ask that we provide a direct email address for correspondence. The NextRequest portal<<https://lanecountyor.nextrequest.com/>> is what our office uses for all communications related to any given public records request and we prefer that you use NextRequest rather than sending us emails. If you send communications to this email address, we will receive them, but it will mean that we will need to duplicate efforts by responding here and in NextRequest, because NextRequest is where we log and track all requests. Also, please note that, for a variety of reasons, we don’t normally send files as attachments to emails. We send a link to requesters to download files.

If you continue to use the portal for PRR 26-825<<https://lanecountyor.nextrequest.com/requests/26-825>>, you will receive all communications and any records from us via the portal. I hope that is sufficient for your purposes.

Thank you,
Lane County Public Records
