Hi, Ranger [Volunteer Services Lead].

Would it be possible to come back in May to work the welcome center again? Assuming the position is still open (just perusing the job board). I'll be at Umpqua in April ([Tugman Volunteer Services Lead] found a spot for me) so I'll still be in the area.

The only caveat I would make to this is I'm going to try really hard to become a seasonal park ranger (as long as it's on the coast), if they'll have me. I am unclear on when those jobs are posted and filled so I just want to note this in case it causes a conflict if I am fortunately hired. Because of the two year park service prerequisite, I'm unsure if I would get hired (it is the main reason I'm volunteering).

I am open to any positions. I think I'm a very personable person so I like interesting with guests whether at the welcome center or as campground host but I'm just as willing to clean yurts and do maintenance (I've been enjoying contributing to the infrastructure here at Tugman).

Sam
