Hi Sam,

We try to stick to our 11-3 shift for yurt and site maintenance for a few reasons, some people check out early and it gives you a chance to get started on cleaning even if it is before 1pm, we also have people that try to check in early to their sites before 4 pm and this is fine as long as the sites or yurts have been cleaned, and we also try to have everything done before it hits 4pm that way if there are any issues going on at the site we have time to try and prepare or contact incoming arrivals.
