SUBJECT	**Re: Your Oregon Parks and Recreation Dept public records request #25-42 has been closed.**
DOCUMENT	01KAY3YPQ02V2AKRNAAJ3RZAXA

I received my first notification from the system OPRD uses to process public records requests. This implies OPRD changed something on their end of the software today. I will request an audit from CivicPlus to determine what that change was and when it occurred.

While this request is now marked closed, I reserve the right to challenge OPRD's handling of it, including the 90+ days of silence, the lack of accessible notification, and the timing of today's system notification.

The complete record of OPRD's response to this request remains documented at https://rswfire.com/honeyman
