SUBJECT **Re: An email address for correspondence on Public Records Request #26-825**

Lane County Administrator:

I am writing to ask which email address I should use for correspondence with the County.

I have an open public records request with the Sheriff's Office, reference #26-825, concerning records the County holds about me. I keep a complete public record of this matter, and I would like to correspond with the County by email so that both sides keep a dated copy of what is sent.

The NextRequest portal does not send me a receipt of the messages I submit through it, and its email reply option carries only the text placed above a divider line, so I cannot rely on it to preserve a full message or its attachments. I will continue to use the portal for the formal request. For correspondence, I would appreciate a direct email address the County is comfortable receiving on.

For context, the correspondence in this matter is published here, so you can see what has been exchanged to date:

<https://oprdivolunteerabuse.org/records/lane-county>

I am copying the Public Information Office on this note. Thank you for your time, and I look forward to your reply.
