SUBJECT **Your Lane County, OR public records request #26-825 has been submitted.**

Lane County, OR

Your record request #26-825 has been submitted successfully.

Greetings

Lane County is in receipt of your public records request. We will provide you with additional information as soon as practicable and without unreasonable delay.

Oregon public records law and the Lane Manual require the County to provide the public a right to inspect any record that is not otherwise protected, or to obtain copies of public documents not otherwise protected. The County is not obligated to create documents that do not exist, to provide documents that it is not the custodian of record for, to change the format the documents are saved in, to provide the documents in a more expensive format or format that the County doesn't have the ability to provide the documents in, or to explain the documents.

It is the County's policy to collect full cost for any documents provided, as allowed by statute and subject to public interest waiver provisions under Oregon law. This will include staff time researching whether or not the County is in possession of the related documents, and any other actual costs of making public records available, including costs for summarizing, compiling or tailoring the public records to meet the request, and any necessary redaction and review of the public records by staff. The County will inform you of the estimated cost and will wait to receive confirmation from you (and/or payment) prior to incurring any costs associated with complying with this public records request.

Sincerely,

Lane County Public Records
