Document	01M4EKB5ZGKQM6SC3BT8GDYR4K

Dear Robert,

Thank you for your email requesting an audit of the Oregon State Parks volunteer complaint process and for acknowledging our risk-based approach to selecting audit projects. We apologize for the delay in our response.
We have reviewed your submission and added the concerns you raised to our risk register, which also includes risks identified across various state agencies. Soon, we will begin evaluating these statewide risks as we develop our Fiscal Year 2028 audit plan.

While we cannot guarantee that your specific request will be selected for a future audit, we will give your concerns thoughtful consideration during our planning process.
Thank you,

Secretary of State, Audits Division
